Shared expectations and responsibilities

Homework is a shared responsibility between the school, teachers, students and their parents/carers. In order to get the most out of homework tasks, it is important that everyone understands their obligations and responsibilities.

Responsibilities and expectations for **leaders at Karoo Primary School** are to:

- advise teachers, students and parents/carers of homework expectations at the beginning of the school year and provide them with access to the homework policy.

Responsibilities and expectations for **teachers at Karoo Primary School** are to:

- set homework that is curriculum-aligned and appropriate to the student's skill level and age
- ensure homework tasks are purposeful, meaningful and relevant
- clearly communicate with parents about homework requirements, including a consistent delivery platform for the year level (paper or online)
- assess homework and provide timely and practical feedback
- follow up with parents if a student regularly fails to complete tasks
- ensure a progression of homework amount and complexity occurs as the student progresses through each sub school, particularly in the senior years prior to moving into secondary school.

Responsibilities and expectations for **students** are:

- discussing homework expectations with their parents/carers

- accepting responsibility for the completion of homework tasks within set time frames
- seeking assistance when difficulties arise from a teacher or parent/carer
- develop time management skills whilst balancing extracurricular activities.

Responsibilities and expectations for **parents/carers** are:

- ensuring there is a balance between time spent on homework and recreational, family and cultural activities
- talking to teachers about any concerns they have about homework
- discussing homework with their child in their first language, if English is not the main language spoken at home
- ensuring there is a quiet study area for their child to complete homework.

Support for students and parents/carers

Karoo Primary School understands that students have different learning strengths, preferences and interests and may approach learning activities and homework differently. If parents/carers are concerned their child may not understand the homework tasks that have been set or is spending a long period of time completing their homework, we encourage parents/carers to speak to their child's teacher.

Communication

This policy will be communicated to our school community in the following ways:

- included in staff induction processes and staff training
- available publicly on our school's website
- included in staff handbook/manual
- reminders in our school newsletter
- discussed at annual staff briefings/meetings
- hard copy available from school administration upon request.
